## No Bake Pretzel Bites

### INGREDIENTS

- 1 bag pretzel snaps, the square kind
- 1 bag candy melts, I used royal blue, bright white, and red
- 1 bag M&Ms, I used red, white, and blue for this recipe,

### DIRECTIONS

1. Place the pretzels on a microwave safe plate, and place a candy melt on each one.
2. Microwave for 10 seconds at a time, until each melt is soft all the way through.
3. Immediately after, place an opposite colored M&M on each melt, and set aside to harden. You can pop these in the fridge for 15 minutes to harden quicker—no longer though.
4. Keep sealed in container on counter up to 5 days.
