Community giving is one our core values at Shakertown.

We are grateful for all the donations we received from our generous residents.

Thank you for helping provide every child with a holiday season filled with joy.

Maintenance Tip

Eventually faucets will show reduced flow. This is caused by build up of tiny grains of sand or mineral deposits. Remove the aerator or mesh screen at the tip of the faucet. Wash out debris and let it soak in vinegar for about an hour. Scrub it clean and reinstall it.
